

An ultra-portable view from your IBM ThinkPad notebook

IBM M400 projector

NEW!

The IBM M400 projector features a sleek new design and includes a convenient carrying case and remote control with integrated laser pointer.

Highlights

- **Minimal size and weight let you pack and travel easily**
- **Auto-sensing technology picks up the video signal from your IBM ThinkPad notebook almost immediately, helping you begin presentations without long delays**
- **Count on industry-leading, 3-year Rapid Replacement Service for projectors still under warranty.¹**

Travel with ease

Designed with the needs of the business traveler in mind, the new IBM M400 projector features a footprint about half the size of a sheet of office paper and weighs 1.1 kilograms (2.4 pounds)—making it the ideal solution for presentations on-the-go. And the convenient carrying case included with the projector encloses all cables and accessories for hassle-free travel.

Project professionalism

When presenting to clients, partners and peers, you want to look your best. The M400 projector lets you plug in and project from your IBM ThinkPad® notebook quickly, minimizing start-up delays.

Take advantage of superb image quality

Using Digital Light Processing (DLP) technology, the M400 features bright images (1100 lumens) with a high image contrast ratio, making it ideal for projecting video, presentations and spreadsheets. Native XGA resolution (1024x768) gives you superb image quality. And you'll enjoy long-lasting lamps (up to 2000 hours).

Rest easy with a warranty designed for the business traveler

Rest easy with a 3-year limited warranty¹ on your projector from IBM as well as a 3-month limited warranty on the lamp. You'll also enjoy access to IBM worldwide² service and support. Our long lamp life and industry-leading warranty and service combine to deliver exceptional total cost of ownership. With other projectors, you could pay extra to get the service and support that come standard with IBM. For example, if an M400 projector under warranty needs a warranty-related repair, a replacement projector can be shipped to you quickly and easily.

Speakers	1 x 0.5 Watt Mono
Limited warranty¹	3 years
Control features:	Keypad, Infra-red remote with laser pointer, USB mouse
Projection	Front, rear
Keylock	Yes
Elevator foot	Yes
Leveling foot	Yes
Lamp:	
Part number	73P2790
Power	200w P-VIP
Life³ (hrs)	2000
Limited warranty¹	90 days

Warranty information:

For a copy of applicable product warranties, write to: Warranty Information, P.O. Box 12195, RTP, NC, 27709, Attn: Dept JDJA/B203. IBM makes no representation or warranty regarding third-party products or services.

¹Telephone support may be subject to additional charges. For onsite labor, IBM will attempt to diagnose and resolve the problem remotely before sending a technician. Bulb covered by a separate 90-day limited warranty.

²International Warranty Service is available in any country in which this product is sold and serviced. Service delivery methods and parts availability vary by country, may be different from that in the country of purchase, and are subject to change without notice. Fees and restrictions may apply in some countries.

³Lamp life is a measure of brightness degradation only, and is not a specification for the time it takes a lamp to fail and cease light output. Lamp life is defined as the time it takes for more than 50 percent of a lamp sample population to have brightness decrease by approximately 50 percent of the rated lumens for the specified lamp. For example, if the defined life of your lamp is 2,000 hours and its brightness is rated at 1100 lumens, then there is a 50-percent chance that over 2,000 hours of run time, your lamp will have decreased its brightness by 50 percent to approximately 550 lumens.
